## 285 Litre Grit Bin

The 285 litre Grit Bin offers exceptional storage for large quantities of winter grit or salt, making it an ideal choice for larger spaces or commercial environments.

This heavy-duty grit bin is made from tough, high-density polyethylene, providing long-lasting protection against the elements.

With its highly visible yellow finish, the 285 litre Grit Bin ensures easy identification in low light conditions. Its weatherproof design ensures that salt or grit remains dry and ready to use, even during the most severe winter conditions. The bin also features forklift compatible slots for efficient handling and is stackable for easy storage when not in use.

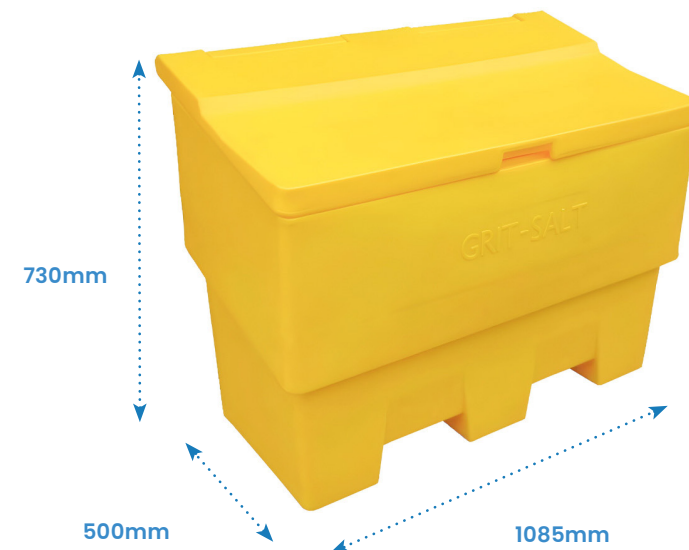

Whether used for roads, walkways, or industrial areas, the 285 litre Grit Bin helps ensure that surfaces remain safe and accessible during icy weather, offering peace of mind and safety in winter months.

### Grit Bin Specification

Description	Size (mm)	Weight (kg)
