100 Litre Grit Bin

For optimal winter grit salt storage, the 100 litre Grit Bin is a durable, weatherproof container with a secure lid to keep it dry and ready for use in the winter months.

Manufactured in the UK, this high visibility yellow 100 litre Grit Bin is made from high-density polyethylene, and is forklift compatible with slots at the bottom of the bin. Our Grit Bins are also stackable, creating compact storage and ease of transport.

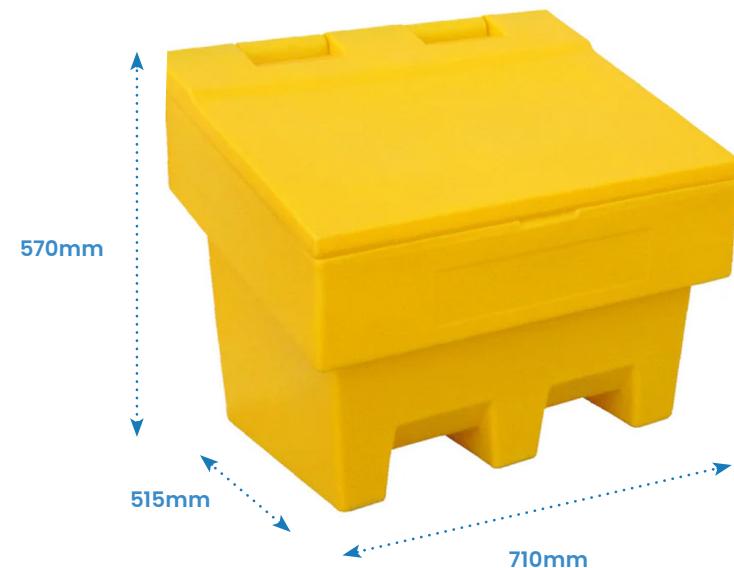

This durable design ensures reliable storage even in the toughest weather, helping keep roads, walkways, and other surfaces safe during icy conditions. Placing Grit Bins in an accessible location is ideal for quick and easy access, ensuring safety and readiness throughout the winter.

Key Features

- > Robust plastic construction
- > High visibility - bright yellow
- > Forklift compatible
- > Easy stacking
- > Made from MDPE & UV protected
- > Drain holes in the base
- > Manufactured in the UK
- > Personalisation & branding options
