169 Litre Grit Bin

For efficient winter salt storage, the 169 litre Grit Bin is a robust, weather-resistant container designed to keep grit or salt dry and ready for use during harsh winter conditions.

Manufactured in the UK from high-density polyethylene, this large grit bin is built to withstand the toughest weather, providing long-lasting durability, season after season.

The bright yellow colour ensures high visibility in all weather conditions, making it easy to locate when you need it most. Forklift compatible slots at the base make it simple to transport, and the stackable design allows for compact storage when not in use.

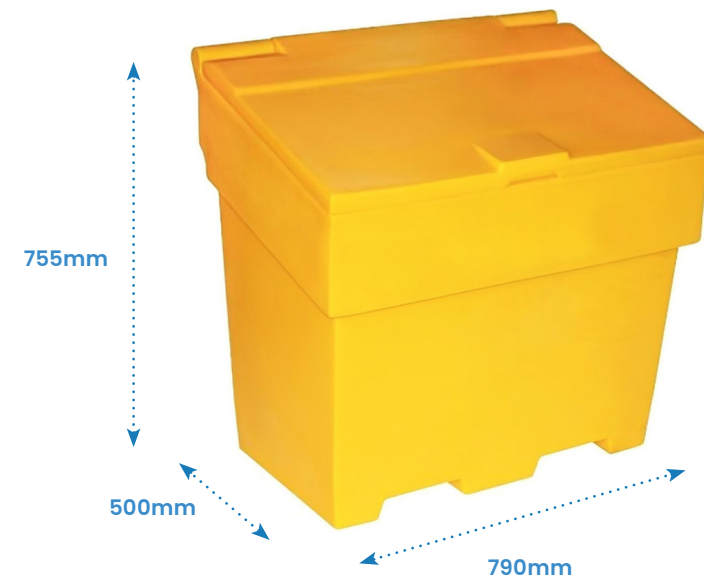

Ideal for keeping roads, driveways, and footpaths safe, the 169 litre Grit Bin offers convenient access to winter grit, helping maintain safety and accessibility during icy spells.

Key Features

- > Robust plastic construction
- > High visibility - bright yellow
- > Forklift compatible
- > Easy stacking
- > Made from MDPE & UV protected
- > Drain holes in the base
- > Manufactured in the UK
- > Personalisation & branding options
