## Universal 250/300 Litre Crane Lift Mortar Tub

Offered in two sizes, this versatile mortar tub is designed for easy movement around construction and building sites through using either a crane or a forklift.

These mortar tubs have a capacity of 250 or 300 litres are designed for secure transport of building materials like cement, concrete, or mortar around construction sites. They feature two folding lifting handles and a reinforced steel rim, enabling safe crane lifting. Additionally, the recessed forklift slots on the base provide stability when transporting the tubs by forklift, making them ideal for efficient, versatile material handling across job sites.
